

reinforcement learning an introduction adaptive - richard sutton and andrew barto provide a clear and simple account of the key ideas and algorithms of reinforcement learning their discussion ranges from the history of the field s intellectual foundations to the most recent developments and applications, **github josephmisiti awesome machine learning a curated** - awesome machine learning a curated list of awesome machine learning frameworks libraries and software by language inspired by awesome php if you want to contribute to this list please do send me a pull request or contact me josephmisiti also a listed repository should be deprecated if, **machine learning and knowledge extraction an open access** - machine learning and knowledge extraction issn 2504 4990 is an international scientific peer reviewed open access journal it publishes original research articles reviews tutorials research ideas short notes and special issues that focus on machine learning and applications, **a tutorial on bayesian optimization of expensive cost** - schemes as proposed in the elds of planning and reinforcement learning the process of simulation is invariably expensive moreover in some applications, **github terryum awesome deep learning papers the most** - awesome most cited deep learning papers notice this list is not being maintained anymore because of the overwhelming amount of deep learning papers published every day since 2017, **a tour of machine learning algorithms** - in this post we take a tour of the most popular machine learning algorithms it is useful to tour the main algorithms in the field to get a feeling of what methods are available there are so many algorithms available that it can feel overwhelming when algorithm names are thrown around and you are
